SUMMARY

Information Technology graduate with hands-on experience in quality assurance, data validation, documentation, and web-based systems. Detail-oriented and organized, with foundational knowledge of MySQL, Microsoft Office, and computer applications. Experienced in reviewing information for accuracy, documenting issues and results, and working systematically with structured data. Strong problem-solving, communication, and adaptability skills with a willingness to learn new platforms and business processes.

Relevant Knowledge & Skills

- Automation Testing: Playwright
- SDLC / STLC
- Testing Concepts: Functional Testing, Regression Testing, Test Case Creation
- Web Technologies: HTML, CSS, JavaScript, PHP
- Database Management: MySQL
- Networking Fundamentals: IP Addressing, Subnetting, Routing, Switching
- Operating Systems: Windows and Linux Basics
- Tools & Platforms: Git, GitHub, Cisco Packet Tracer, Microsoft Office
- Cybersecurity Fundamentals
- Soft Skills: Problem-solving, Adaptability, Team collaboration, Communication skills, Willingness to learn

Projects

- Automation Testing Project
 - Developed and executed automated test scripts using Playwright for web application testing
 - Performed functional and regression testing on authentication and core user workflows
 - Identified and documented UI inconsistencies, bugs, and test results for debugging and improvement
- Barangay Information Management System
 - Contributed to development of a PHP and MySQL-based web information system
 - Executed testing of system functionality, user workflows, and database operations
 - Supported debugging efforts to improve system stability and reliability

Education

University of the East, Manila-----Jan 2022-June 2026

- Bachelor of Science in Information Technology
 - Graduated: 2026
 - Cum Laude

St. Patrick School of Quezon City-----Jan 2022

- Senior High School – STEM Strand
 - Graduated: 2022

Certifications & Trainings

- Certiport Information Technology Specialist Certification (Networking) (2025)
- Certiport Information Technology Specialist Certification (Cybersecurity) (2025)
- QA-mazing: The Ultimate Roadmap to Flawless Quality – Computer Students Society (2025)
- Beyond the Screen: Navigating IT Careers in the Workforce – Computer Students Society (2025)
- Your Data, Your Responsibility: Why IT Risk Management Matters in Everyday Life – Computer Students Society (2024)
- No Code/Low Code: The Future of App Development for Non-Programmers – Computer Students Society (2023)

Experience

Leadership & Organization Experience

- Vice President for Publications | Computer Students Society | 2024 – 2026
- Assistant Vice President for Creative Arts | Computer Students Society | 2023 – 2024

Internship Experience

IT Intern / Quality Assurance Intern

Direc Business Technologies Inc. | January 2026 – April 2026]

- Developed and executed Playwright-based automated test scripts for web application testing
- Performed functional and regression testing to identify system defects and UI issues
- Documented bugs, test results, and test procedures for development reference
- Validated application functionality through systematic testing of user workflows
